

Surge in international demand spurs GITEX GLOBAL, Expand North Star to take over the city of Dubai at two mega venues

Junio 17, 2024

Yahsat to showcase innovative satellite enabled solutions during GITEX 2023 Al Yah Satellite Communications Company PJSC Yahsat

Build on top of what you already have with Hybrid AI solutions that use a combination of traditional chatbots and generative AI tools. Enable seamless handover between bots – and then onto the agent – and contain generative AI “hallucinations”.

When was Dubai Internet City established?

Dubai Internet City was established in 1999 to be a strategic base for companies targeting emerging markets, by providing the necessary infrastructure, an ideal environment and efficient and competitive services to manage their operations from Dubai.

Wen Bing, Co-president of Tsinghua Unigroup, and Gary Huang, Co-president of H3C and President of International Business, were present at the event. Appointed as the Director of Solutions, Mr. Constantinos Constanti is in charge of overseeing and directing the frontline of our team, namely Odyssey's technical departments. He leads the organization's highly skilled, certified technology experts, who apply <https://www.metadialog.com/gitex-agreement-tandc/> new technologies and architectural foundations in building innovative cybersecurity solutions for clients across several industries and different countries. Constantinos ensures that our Technology Risk Solutions and Network Infrastructure Solutions divisions are in position to design and implement an effective solution suited to your needs, no matter how complex or dispersed your environment is.

Ingram Micro Announces Distribution Agreement with Supermicro for Middle East and Africa Markets

The iOS app offers unlimited international calling with high-quality recording, followed by call scheduling and forwarding services. "The core role of NAC for regulatory compliance is indispensable but NAC alone is not enough to address the

compliance issues of today and tomorrow. That is why Genians introduced NAC-driven ZTNA solutions, which provide <https://www.metadialog.com/gitex-agreement-tandc/> seamlessly secure access from anywhere across all campus, remote, cloud, and even hybrid environments without disturbing IT security operations. Further, Genians ZTNA integrates with existing cybersecurity solutions more effectively to remove silos and maximize cybersecurity performance and investment.” notes Kyeyeon Kim, Genians’ Co-founder/CTO.

What is the dress code for GITEX?

Men should wear suits, and women should opt for conservative attire.

Its powerhouse start-up show, Expand North Star hosted by the Dubai Chamber of Digital Economy runs from October 2023 at the stunning new Dubai Harbour venue. More than 1,800 start-ups across the events will explore rising opportunities in one of the world’s most agile, diversified, and technology-enabled digital economies. It obtained the world’s first carbon footprint certification for servers and earned TÜV Süd’s globally recognized partial Power Usage Effectiveness (pPUE) certification, with a 1.06 pPUE index.

Metrigy Research: Modernizing the Contact Center

We collect and use information from individuals who make a payment (to a service provider) on our website in accordance with this section and the section entitled Disclosure and additional uses of your information. We will also use this information to tailor any follow up sales and marketing communications with you. For further information, see the
